TRESTON QUICK EDGE WORKSTATION

The easier the workstation's height adjustment gets, the more likely you will adjust it. Meet the industrial workstation with the quickest height adjustment on the market.

Workstation height is adjusted with a completely new, innovative, and user-friendly mechanism. The patent pending height adjustment solution minimizes the height exchange time between handled items and makes daily work more fluid, efficient, and ergonomic.

- ✓ The quickest height adjustment on the market
- ✓ Extremely wide height adjustment range 22.4" - 51.2"
- ✓ The patent pending height adjustment solution minimizes the height exchange time between handled items and makes daily work more fluid, efficient, and ergonomic
- ✓ Multiple accessories available: swivel arms for tool holders and screens, LED lights, shelves with dividers for boxes
- ✓ Expand the workstation easily with Multi carts, carton carts, and packing material roll stands
- ✓ Can be customized for various operating environments
